

Malungon Dairy Farmers Association

Marilyn B. Mabale , LOL Operations Manager and Ching M. Lumanta , NDA Information Officer do a coosome-twosome sharing of buko juice to quench their thirst on a hot sunny afternoon, while the Malungon boys of Sarangani Province take a breather with yummy choco milk bars in hand.

Malungon Dairy Farmers Association beams with pride as they ham for the camera with FEDDAFCC products in hand. Since they are still newbies in the dairy biz, they opted to distribute Dairy Best products to stir the market while they wait for their cows to calve and eventually have their own milk production.
