

Jessica Angela D. Ramos – is the latest addition to the roster of NDA employees is a **Bachelor of Science in Agriculture graduate from UPLB**. She is currently assigned to assist Ms. Rowena Bautista of the Dairy Confederation of the Philippines.

Jessica had a brief stint with Bureau of Animal Industry (BAI) as Science Research Assistant with the Marketing Development Division from October 2012 to March 2013.

Jessica hails from Sta. Cruz, Laguna.

Frederick G. Cimafranca – is an **IT graduate from the Northern Luzon Adventist College** currently assigned to assist the NDA Milk Feeding Unit due to the significant increase in the number of milk feeding projects launched in coordination with the local government units (LGUs).

Derick brings to fore his skill in IT troubleshooting and maintenance plus photo and video editing. His work will focus on systematization baseline data specifically on the validation of nutritional status of program beneficiaries, weighing results of ongoing and completed projects and assists in the consolidation of terminal reports.

Derrick hails from San Ildefonso Bulacan.

To these two yuppies....WELCOME aboard!
