

NDA MID-YEAR Assessment held at Timberland Sports and Nature Club in San Mateo, Rizal last July 29-31, 2013

NDA has just completed its 3-day Mid-Year Assessment Planning Conference which was participated by 31 officers coming from all departments and four (4) field offices of NDA covering the Luzon, Visayas and Mindanao areas.

The Conference objective was to gauge how far the agency has achieved its targets and to formulate the necessary plans to ensure that all targets and deliverables are achieved by year end. The performance of all operating units was assessed including the review of their budget utilization vis-a-vis target accomplishments for the first semester.

The Mid-Year Assessment included the review of the Milk Shot Project (Milkfeeding Project), MYDAP Project, Climate Change Adaptation Projects (Corn-Silage & Biogas Digesters), Status of Milk Processing Plants, Heifer Project International Partnership, Coco-Milk Blend Project, Buy-Back project, etc. DBM target accomplishment indicators were likewise included in the assessment.

At the end of the day, it was heartening to note that majority of the agency's targets were met.
