

Engr. Benjamin De Guzman, Mechanical Engineer on board.

This month we welcome a new member in the operations group in the person of Engr. De Guzman. A Mechanical Engineer by profession, he will work in tandem with the various NDA Field Offices requiring mechanical engineering jobs and civil works.

A graduate of Mapua Institute of Technology, he brings to fore his varied expertise in machineries and equipment.

He has been a technical engineer for various postings in the installation and operations of aggregate plants in Luzon as well as a technical field engineer in Saudi Arabia, Italy and Germany.
