

## The Performance of the Philippine Dairy Sector January-December 2020

### Highlights:

Based on the latest report of the Philippine Statistical Authority (PSA), the livestock subsector dropped by 1.0% and contributed 17.30 to the total agricultural output\*.

The gross value of livestock production which amounted to P303.05 billion at current prices was 0.2% lower compared to the previous year's level. The subsector accounted for 17.1% of total agricultural value of output of P1,770.25 billion.

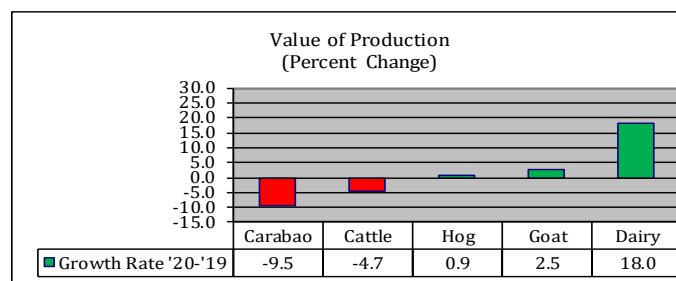

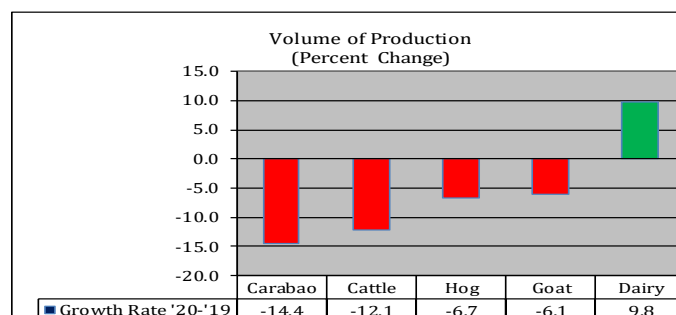

Except for dairy and hog, all livestock components posted decline in gross earnings. Decreases in value were reported for carabao at 9.5%, cattle at 4.7% and goat at 2.5%.

Hog value of production amounted to P249.65 billion and registered an increase of 0.9%.

***Only dairy registered an increase in volume and in value of production at 10% and 18% respectively.***

According to PSA, the uptrend in dairy was noted due more animals in the milk line.

Total dairy production reached 26.71 thousand MT-level and grossed P1,207.00 million at current prices. On the weighted average, farm gate price of dairy reached to P45.19 per liter.

Livestock Sector	Volume- '000 MT			Value - Million Pesos		
	January-December			January- December		
	2019	2020	% Change	2019	2020	% Change
Carabao	140.66	120.41	-14.40%	13,992	12,668	-9.46%
Cattle	260.62	229.13	-12.08%	29,688	28,292	-4.70%
Hog	2,296.65	2,142.65	-6.71%	247,482	249,655	0.88%
Goat	76.36	71.72	-6.08%	11,520	11,227	-2.54%
<b>Dairy</b>	<b>24.32</b>	<b>26.71</b>	<b>9.83%</b>	<b>1,203</b>	<b>1,207</b>	<b>17.99%</b>

The NDA-assisted/monitored dairy projects shared more than 2/3(or equivalent to 20.23 thousand MT) to the total national milk output.
