

NDA ANIMAL INSPECTION TEAM VISITS NEW ZEALAND

The NDA Animal Inspection Team composed of NDA technical staff went to New Zealand last May 23-29, 2010 to inspect dairy animals that the NDA is set to import this year. This is in line with the government's thrust to engage in multiplier farms as sources of animals for dispersal to dairy farmers all over the Philippines within the key dairy zones areas. In photo from L-R: Gabby Salvacion (legal officer) Florencio Marcial, Jr., Rolando Cuevas, Allan Bernales (NDA Board of Director), Dr. Pergentino Asis and Rodrigo Llido , Project Development Officers assigned in Luzon , Visayas and Mindanao project areas.
