Hernan Gabulac, residing in Robinsons Antipolo and Cirilo Perral of Salawag, Dasmariñas, Cavite currently on vacation here in the Philippines, are two Pinoy –NZ permanent residents who visited NDA to inquire on how they can avail of the dairy programs offered. With them is Ching Lumanta, who briefed them on the current programs being offered by the agency. She also gave them the cost that they would entail and the other requisites that should be met should they decide to venture into the dairy enterprise.

The two Pinoy expats intimated that with their NZ experience, they would love to share their skills to their fellowmen in developing a dairy farm which they plan to set up for their relatives in Surigao.
