

Ceremonial Signing the of the Bicol Dairy Development Program

NDA Administrator Grace J. Cenas, CBSUA President Atty. Marito T. Bernaldes and BFDC Chairman Satiago K. Cervantes signed the tripartite memorandum of agreement entitled "Bicol Dairy Development Program" aimed to sustain and enhance the operation of the Camarines Sur Dairy Processing Plant. It was agreed that the Central Bicol State University for Agriculture shall develop a curriculum in dairy, provide technical assistance to the project and allow the free use of land and building where in the plant is housed and provide additional area if expansion is necessary. The Bicol Federation of Dairy Cooperatives on the other hand will handle day to day operations of the plant and allow the facility to be used for students' practicum. The National Dairy Authority will provide the necessary technical assistance, training, logistical support in animal breeding for BFDC and its member cooperatives and dairy farmers.

With the Bicol Dairy Development Program in place dairy consumers in Camarines Sur can rest assured that they will enjoy the highest quality dairy products, students will have access to a model dairy plant and dairy farmers will be given the support that they need.
