**DMF schemes made waves at AGRILINK 2012**

The recently concluded 19th International Agribusiness Exhibition and Seminars held at the World Trade Center in Pasay City last October 2 made great waves as people flocked to the NAFC-NDA Booth to witness the awarding of Cattle Stewardship to Dairy Multiplier Farm partners.

After the awarding , a milk toast and photo session ensued for posterity with the heads of DA , USDA, French Embassy and the DA family like the National Agriculture and Fishery Council (NAFC) , National Dairy Authority (NDA) ,Bureau of Animal Industry ( BAI) , Livestock Development Council (LDC) and other guests.

Milk Tasting and sampling of dairy products were a come on during the 3-days event. More than 30,000 people flocked to this year's event

Seminars on Corn Silage, Cassava and Malunggay as an Alternative Feed and Feed Supplement for Dairy Cattle was a sell out with farmers and guests crowding the seminar room to hear the session.

A substantial amount of queries on dairy business options were attended to. Milk feeding programs became a buzz as well as upgrading programs and artificial insemination. Milk dealership and distributorship were also tackled in booth inquiries .

Sen. "Kiko" Pangilinan , and top officials of the Philippines Department of Agriculture and Fisheries and the US Department of Agriculture also graced this agri- event . Live animal display like dairy goats, cattle, rabbits, swine and poultry were showcased as well.
